Dear Sir, --I have yours of the 7th asking us to ship 20 cases
nickel and ten cases bronze blanks during the present month. We
will comply with your orders. We can ship these all in two ship-
ments, or we can send them along two or three cases a day, until the
order is completed, just as you wish.

On re-reading your letter I take it that you are not very
particular as regards this and unless we hear from you definitely
on the subject, we will suit our convenience a little as to time of
sending, but shall be sure to ship so that you will not get out of
stock.

Yours truly,
